A GLOBAL
INDUSTRIAL
KNOW-HOW

全球行业知识

QUALITY, RELIABILITY, FLEXIBILITY

Almost 50 years' experience with the biggest names in French and international cosmetics, combined with our industrial standards, we can guarantee our clients top quality and a level of compliance like no other.

Our integrated production sites located in France and Portugal and our industrial partners have comprehensive skills in production and research and development. They also share our values of social and environmental responsibility.

We adhere to the strictest European cosmetic standards and regulations. This allows us to monitor and take action at each stage of the production chain, and as marketers to ensure product safety and reliability.

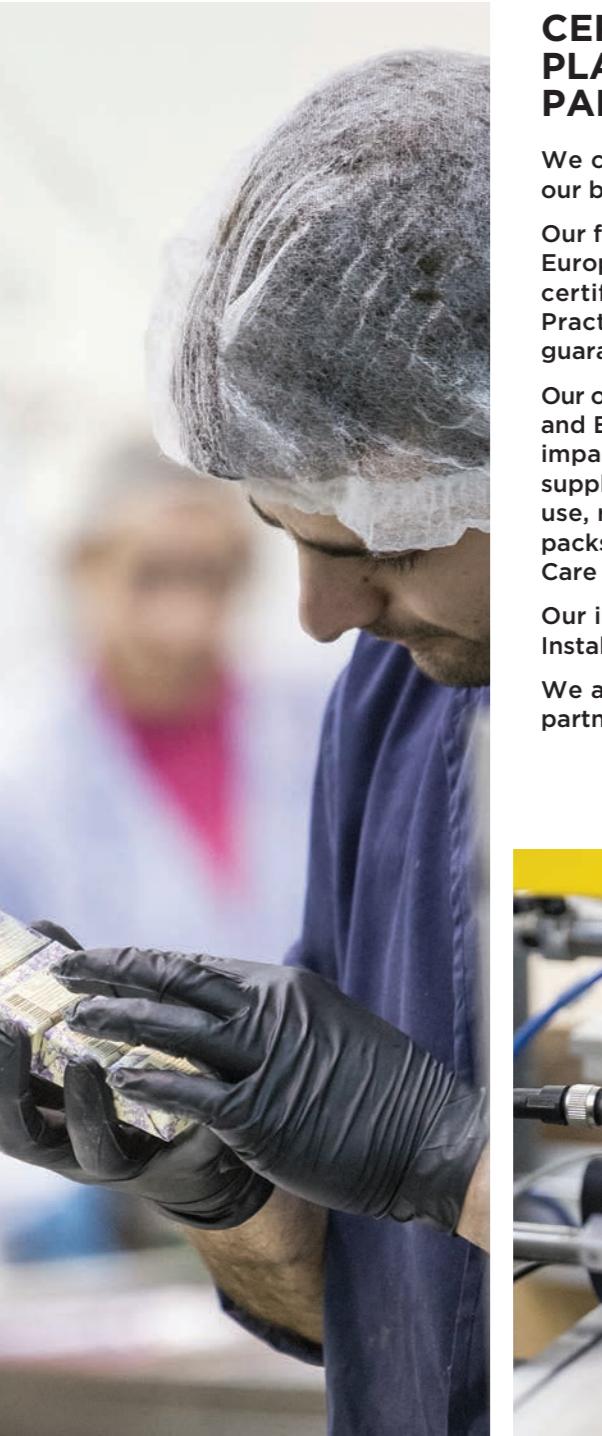

质量、可靠性、灵活性

拥有近50年与法国和全球化妆品领先品牌合作的经验，以及我们的行业标准，我们能够为客户提供顶级质量，保证合格质优。

我们在法国和葡萄牙的综合性生产基地以及我们的合作伙伴拥有全面的生产和研发技能。同时，他们还与我们共享社会与环境责任价值观。

我们遵循最为严格的欧洲化妆品标准和规定，这使我们能够监控并在生产链上的每一阶段中采取相应行动，作为营销商，确保产品安全与可靠性。

CERTIFIED PRODUCTION PLANTS, RESPONSIBLE PARTNERS

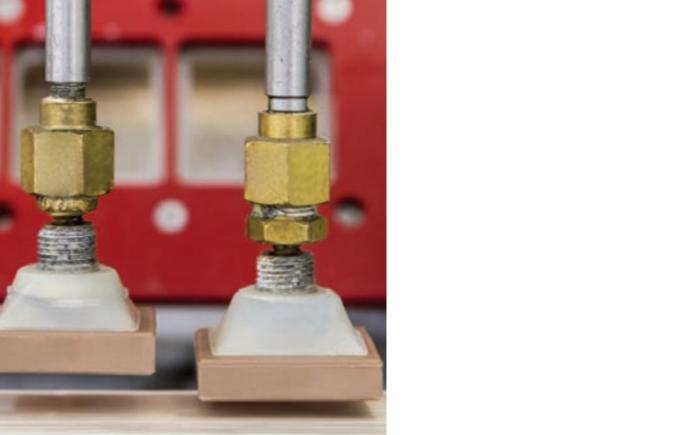

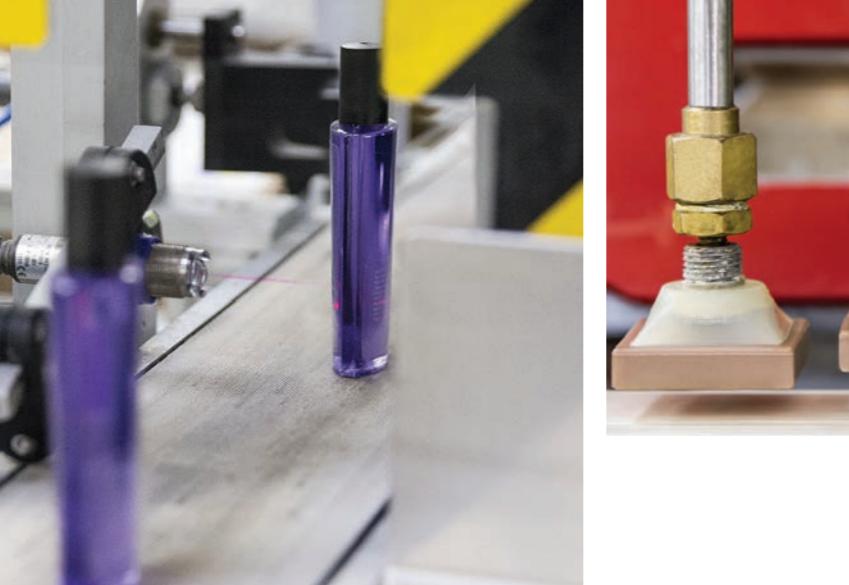

We consider quality to be a cornerstone of our business.

Our factories and industrial partners located in Europe and Asia are ISO 22716, 14001 and 9001 certified, and respect Good Manufacturing Practices. Premium production quality is guaranteed throughout the production process.

Our own factories are certified by ECOCERT, COSMOS and EU ECOLABEL and endeavor to minimize their impact on the environment by streamlining their supply chain solutions, reducing water and energy use, recycling waste, restricting the use of over packs and using clean technologies as part of our Care About Earth program.

Our installations are ICPE classified (Classified Installation for the Protection of the Environment).

We ask our production plants and industrial partners to commit to responsibility alongside us.

经认证的生产车间及可靠的合作伙伴

我们认为质量是我们业务的基石。

我们位于欧洲和亚洲的工厂及行业合作伙伴均得到ISO 22716、14001和9001认证，并遵循良好生产惯例。生产流程中始终保证顶级的生产质量。

作为我们的“关爱地球”项目的一部分，我们的自营工厂经ECOCERT、COSMOS和EU ECOLABEL认证，致力于通过简化供应链方案、减少耗水和能耗、回收废品、限制使用过多包装和使用清洁技术，在最大程度上减少对环境的影响。

我们的安装设施分类为ICPE级（环保分类安装设施）。

我们要求生产车间和行业合作伙伴与我们一同承担责任。

CARE ABOUT eARTH

ECO-DESIGN, ECO-RESPONSIBLE

Through our Care About Earth program, we're committed to developing products and reducing their impact on the environment so that we can contribute to a sustainability, protecting the earth for generations to come. Several lines have been simultaneously launched, ensuring that the quality of our products are always met, with extra care taken to comply with Good Manufacturing Practices and EU rules on cosmetics.

88

生态设计，生态负责

通过“关爱地球”计划，我们致力于开发产品，并降低产品对环境的影响，以营造可持续性，为了后代保护地球。我们同时推出了多个方法，确保产品质量始终如一，更关注遵循欧洲美容产品制造商的最佳做法和规则。

We are currently in the process of developing additives that help accelerate the decomposition of the chemical structures found in plastics, helping to make our packaging oxo-biodegradable.

我们正在开发有助塑料中的化学结构加速分解的添加剂，使得包装得以氧化式生物分解。

Some of our packaging is made from recycled paper, or “stone paper”, and we're looking at using plant-based plastic (from corn, wheat, straw, bamboo, etc.) as soon as possible, avoiding the components of petrochemicals.

我们的部分包装使用再生纸，或“石头纸”。我们也在研究植物塑料（源于玉米、小麦、稻草、竹子等），争取尽快使用，避免加入石化成分。

We are committed to supporting non-governmental organizations (NGOs) like Clean the World, which takes our used soaps from hotels, sterilizes them, and then distributes them to deprived persons around the world, therefore helping to reduce poverty while giving a second life to our highly recyclable products.

我们致力于支持诸如洁世等的非政府组织。洁世从酒店回收使用过的肥皂，并对其进行消毒，然后分发给全世界各地的贫困人士，以此减少贫穷，也为我们高度可回收的产品赋予了第二次生命。

ECO-FRIENDLY NATURAL FORMULATIONS

Our formulations use natural origin ingredients and plant-based surface-active agents boasting over 90% biodegradability.

Our formulations do not contain formaldehyde, phthalates, ionizing radiation or parabens. All our formulas are dermatologically tested and not tested on animals.
